TECHNICAL EXPERIENCE

Projects

- **Personal Portfolio Website (**andrewwotawa.com**):** Developed with HTML and CSS. Uses Cloudflare to run the website, in addition to a Cloudflare R2 Bucket, which stores the background video of the main page. Website is developed with responsiveness in mind, so that it will be smooth and functional on every device. My website will be the one-stop hub for everything about me, my experiences, and my projects, in much greater depth than a resume.

ADDITIONAL EXPERIENCE AND AWARDS

- **Testout PC Pro:** Certificate Awarded in December of 2023. Demonstrates skills in Operating Systems, PC Hardware/Software, Networking Devices, Remote Access, Virtualization, Storage, Mobile Devices, Security, Malware Detection/Prevention, and Troubleshooting
- **Future Business Leaders of America National Finalist (Top 15):** Demonstrate help desk skills such as customer management, communication, help desk operations and procedures. and leadership skills
- **Award for Superior Business/Marketing:** Demonstrate an understanding of Business/Marketing procedures. Help others when needed. Show drive and a strong will to improve skills.

Languages and Technologies

- HTML, CSS, Python
- Visual Studio; Basic Git; Adobe Photoshop & Premiere Pro
